THE EMPOWERED LEARNING PROGRAM

Is your child disorganized? Does he or she have trouble studying for tests? In our ever-more complex world, young people need as many tools as possible to navigate their academic careers successfully. The Empowered Learning Program offers students many important skills, such as: self-discipline & self-confidence, setting goals, gaining motivation, problem-solving, becoming more organized and studying more effectively. Throughout the program, students will be encouraged to initiate their own learning, take charge of their academics, and assume responsibility for their progress. Our goal is to send students home both empowered and inspired!
